ABOUT HEISTERKAMP TRUCKING

Heisterkamp has developed a concept that has turned into the company's major strength, Trailer and Container Trucking. As a haulier you are engaged in the load factor of your trailers/containers and corresponding goods flow. We ensure your trailers or containers are delivered in the right location, at the right time.

- Non-stop Trucking (24 hours a day, 7 days a week)
- Flexibility (easy up-scaling)
- Just-in-time delivery of your trailers and containers all around Europe
- No investment in fleet or drivers needed
- The Flexible extension of your organisation
- 100 years experience
- Neutral Trucking partner
- Short lines - quick decisions
- The highest level of quality (monitoring)
- Best Managed Company 2015 (Deloitte Award)
- Non-stop working periods
- Dedicated account teams
- Licenses for waste transports
- Fuel Master project: the route to reduce CO² emissions

LOCATIONS / NATIONALITIES

We are able to anticipate your increasing or decreasing capacity needs. Our branches are strategically located. This enables us to link drivers or trailers and to provide non-stop trucking services. All our branches have their own secure car parks that comply with strict ID systems. This means your shipment is 100% safe.

LOCATIONS

- Oldenzaal (Netherlands)
- Gent (Belgium)
- Travemünde & Hamm (Germany)
- Szczecin (Poland)
- Riga (Latvia)
- Cluj (Romania)

CLOSE COOPERATION

With all companies of the Heisterkamp Group:
Truck Rental & Leasing • Trailer Rental & Leasing • Truck & Trailer Service • Breakdown Service • Used Trucks • Commercial Vehicles

FLEXIBLE. RELIABLE. INNOVATIVE.

OUR DRIVERS

Each day, our professional staff is available to help you. Thanks to a thorough selection procedure, an intensive introduction program and strict monitoring of our drivers, your trailer or container is moved under the supervision of highly qualified members of staff, 24 hours a day, 7 days a week.

- In-company driver training & accompaniment
- E-learning program for drivers
- Direct communication between customer/driver
- All drivers are ADR certified
- West- and East European Truck drivers

MODERN FLEET

Our modern trucks are fitted with GPS/GPRS communication and tracking equipment. This leads to considerable advantages for you. The latest status information every minute. Access via the Internet, without additional software, for an unlimited number of users, also from home. Direct messaging with- and instructions to drivers (free of charge), everything is recorded.

- All our trucks are Euro 5 or 6, max. 2 years old and ADR equipped
- All trucks are adjustable in height: for standard- and mega trailers (flexibility)
- Also 3 axle trucks available
- Track & Trace System: data accessible via Internet
- Scanners in the truck: POD's are available upon delivery of goods
- All trucks are equipped with smartphones
- Control tower - quality monitoring based on your KPI'S - 24 hours a day, 7 days a week
- CMR Databank - Customer portal
- Interface Data Exchange: TMS customer <> TMS Heisterkamp
- Electronic invoices
